PROFILE

Software developer with a Bachelor of Applied Information Technology (Level 7, A/A+ average, graduated July 2026) and two decades of hands-on work across skilled trades, facility operations and client-facing roles. Builds and ships complete products solo under BusinessFlow Studio — from a 63,000-line AI desktop assistant to a nine-game Roblox portfolio published through automated CI/CD pipelines. Brings a tradesman's precision and finish-the-job discipline to software.
