

Aden Kingi

Technical Support / IT Service Desk · Tauranga, Bay of Plenty

ABOUT ME

Bachelor of Applied Information Technology (Level 7) graduate from Toi Ohomai Institute of Technology, awarded June 2026 with a 92% programme average (five of six courses graded A+). Seeking a technical support or IT service desk role in Tauranga and the Bay of Plenty, bringing strong computer literacy, a practical approach to diagnosing everyday technical issues and confident, clear customer service.

STUDY HIGHLIGHTS

Cyber Security	98 (A+)
Security awareness and threat-conscious problem-solving.	

Client-Server Web Development	96 (A+)
Web application structure, data flow and how client and server components work together.	

Special Topic	96 (A+)
Researched and applied a focused technical subject through structured project work.	

Capstone	93 (A+)
Planned, built, tested and refined SADIE (now HomeBot), a local-first desktop assistant.	

Human-Computer Interaction	90 (A+)
Usability, accessibility and how people understand and use digital products.	

What study developed: practical troubleshooting and a methodical approach to diagnosing technical issues and supporting users, a solid base for entry-level technical support and ITIL-style incident and request work.

WORK EXPERIENCE

Retail Sales Associate	Apr 2026 – Present
Phone Life, Tauranga Crossing	

Help customers choose phones, plans and accessories by explaining technical details clearly. Handle transactions, stock and everyday store tasks.

Student Employment	2023 – 2026
Aqua 360 and Subway, Tauranga	

Supported jet ski rental operations, safety briefings and booking logistics, alongside food safety and front-of-house service while completing full-time study.
